This is a year-round position with a competitive salary.**

**With a current operating budget of over \$800,000, Farmers Alley Theatre has achieved immense critical and financial success due to our commitment to excellence in all facets of production. Having a skilled Technical Director is crucial in achieving this success.**

**Duties would include but not limited to:**

- Coordinate with artistic and production staff to insure smooth operation and installation on the production.**
- Budgeting and ordering all materials.**
- Work in the scenic studio to construct all scenic elements for the given production.**
- Act as primary carpenter for all productions.**
- Ensure all elements of design are ready for Tech week, and all mishaps are communicated clearly to all required parties.**
- Work with all production staff to troubleshoot problems that arise during the rehearsal and tech process.**
- Maintaining and updating the theatre spaces when a production is not using them.**

**Requirements:**

- Experience in Technical Director work, either through education or previous positions**
- Seasoned carpentry skills**
- A passion for the Arts**
- A letter of recommendation is preferred but not a requirement**

**Timing:**

- Position is expected to begin in January 2019.**
